Announcement

2020 AHC-SCH Medical Device CoE Pilot Training

October 26th – November 17th | Online Training

APEC Harmonization Center (AHC) and Soonchunhyang University (SCH) are pleased to invite affiliates of medical device regulatory agencies, academia and industry from APEC economies to participate in '2020 AHC-SCH Medical Device Center of Excellence Pilot Training', which will be held online from October 26th to November 17th, 2020.

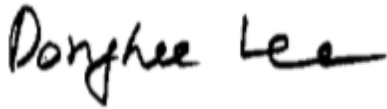

In line with the APEC RHSC's continuous effort to promote regulatory convergence within APEC region for Medical Device, AHC and SCH are pleased to organize this online CoE Pilot training to deepen one's understanding of international guidelines and best practices and to provide holistic view across the total life cycle of medical devices. This training will focus on three key areas of the medical device regulation; Clinical Evaluation, Quality Management System, and Medical Device Vigilance and involve special sessions which links the three key areas to the current situation of COVID-19. The program agenda is attached for your reference and for more information, please visit our website at <https://www.ebdiagnostics.org>.

The AHC and SCH hope to bring together diverse group of APEC economy medical device affiliates in this online training and if you wish to participate, [please register through the official website at www.ebdiagnostics.org](https://www.ebdiagnostics.org). Online registration will be available from **September 22nd to October 18th**, 2020.

As the training will offer a great opportunity for participants to expand their understanding of current issues, exchange information and experience, your active participation and interest in this training will be very meaningful for AHC and SCH to make a step towards regulatory convergence in the APEC region and beyond.

If you need further assistance or have any questions related to this CoE Pilot training, please do not hesitate to contact the SCH at schmd.coe@gmail.com or the AHC at apec-ahc@korea.kr. We will be happy to provide you with more details.

Sincerely yours,

Dong-hee Lee, Ph.D.
